Department of English Language

Office hours are an opportunity for students to meet with their teachers and to feel comfortable asking for extra help and clarification regarding the material being presented in class; especially if they are clueless about the syllabi and programs. The office hours are, likewise, a chance for M2 students to reach out to their supervisors to discuss research-related issues (guidance on writing a Research Proposal, methodology, and dissertation writing...) and to steadily advance in their research for the eventual and successful submission of their final work.
