

CURRICULUM VITAE

Personal information

- **Personal**
 - Amira OUDDAH
 - Associate professor, Geology department, University of Oum El Bouaghi, Algeria.
 - E-mail: amira.ouddah@univ-ueb.dz
 - Mobile: 00213781753300
- **Researcher identity**
 - Google Scholar: Amira Ouddah - Google Scholar
 - ReaserchGate: www.researchgate.net/profile/Amira-Ouddah
 - ORCID: orcid.org/0000-0002-6146-949X

Education

- Ph.D. Student in Geology
- Master's degree in Mining Geology
- License's degree in Geology

Functions and Affiliations

- Associate professor and Researcher

Teaching modules

Mineralogy, Petrology of igneous and metamorphic rocks, Paleontology

International publications

- Tectonic-diagenesis interaction from carbonate veins studies in Guelma basin (eastern Constantine unit-Algeria).
- Water quality assessment and organic pollution identification of Hammam-Grouz dam (Northeastern Algeria).

Interests and Qualifications

- **Interests:** Sedimentology; carbonates; minerals; Geochemistry; hydrothermal process; Structural geology; Diagenesis.
- **Qualifications:** Petrography; Stable isotopes; Cathodoluminescence; fluid inclusions
