

UNIVERSITY OF OUM EL BOUAGHI

***Report on the United Nations
Sustainable Development Goal 2:
Zero Hunger***

ABSTRACT

This report illuminates the University of Oum El Bouaghi, Algeria's efforts in making a meaningful impact on the progress of SDG 2: Zero Hunger.

**2 ZERO
HUNGER**

Introduction

In this detailed report, we explore the University of Oum El Bouaghi's contributions towards Sustainable Development Goal 2 (SDG 2): Zero Hunger, with a focus on key aspects related to food waste, student hunger, agricultural education, and community engagement.

1. Food Waste Reduction: Campus Measures

☒ Effective Meal Planning

The university's proactive meal planning strategies to minimize overproduction and food wastage.

☒ Portion Control

Exploring how portion control is utilized to prevent excessive servings and reduce food waste at its source.

☒ Recycling of Food Waste

Details on the university's food waste recycling system, converting food scraps into compost or bioenergy to minimize the environmental impact of food waste.

2. Student Hunger: Alleviating Academic Stress

☒ Food Clubs and Stores

How food clubs and stores within the campus provide students and staff with continuous access to nutritious meals and address food insecurity.

☒ Integrated Meal Times

Insight into how meal times are integrated into the academic schedule to alleviate academic stress and ensure students and staff are well-fed.

☒ Affordable Food Choices

Exploring the wide array of healthy and affordable food choices offered by the university to ensure all members have access to nutritious meals.

3. Graduates in Agriculture and Aquaculture

☒ Number of Graduates

Highlighting the number of graduates (553) in agriculture and aquaculture, with a strong focus on sustainability aspects.

4. National Hunger: Supporting Local Farmers and Producers

☒ Enabling Local Farmers and Producers

The university's initiatives to provide knowledge, skills, and technology to local farmers and food producers for sustainable agriculture and food security.

☒ Connecting Local Farmers and Producers

Exploring events organized by the university to facilitate connections and knowledge transfer among local farmers and food producers.

☒ Prioritizing Local, Sustainable Products

How the university prioritizes the purchase of products from local, sustainable sources to support the local economy and reduce the carbon footprint.

Conclusion

The University of Oum El Bouaghi's commitment to SDG 2 underscores its vital role in addressing hunger, food security, and sustainable agriculture. By reducing food waste, providing for student well-being, educating graduates in sustainable practices, and supporting local farmers and food producers, the university actively contributes to a more sustainable and hunger-free future.
