

UNIVERSITY OF OUM EL BOUAGHI

*Report on the United Nations
Sustainable Development Goal 9:
Industry, Innovation, and
Infrastructure.*

ABSTRACT

This specific report focuses on the "Industry, Innovation, and Infrastructure" aspect of Sustainable Development Goal 9 (SDG 9) for the period between 2022 and 2024 at the University of Oum El Bouaghi.

9 INDUSTRY, INNOVATION AND INFRASTRUCTURE

Industry, Innovation and Infrastructure (SDG 9) - Year 2024

University Spin-Offs:

In 2024, the University of Oum El Bouaghi reported a total of **five (05)** university spin-offs, reflecting the institution's ongoing commitment to fostering innovation and supporting entrepreneurial ventures derived from academic research.

Research Income from Industry and Commerce:

The university generated a **total research income of 1,743,000,000 DZD** from collaborations with industry and commercial partners. This highlights the institution's growing engagement with the economic sector and its contribution to regional and national development.

Research Income from Industry and Commerce by Subject Area:

- **STEM disciplines:** 900,000,000 DZD
- **Medicine:** 219,786,000 DZD
- **Arts, Humanities, and Social Sciences:** 623,214,000 DZD

These figures indicate that while the STEM field remains the primary driver of industrial collaboration, significant contributions also emerge from the humanities and social sciences, emphasizing the multidisciplinary nature of innovation at the university.

Number of Employees:

The university employed a total of **2,000** individuals across various categories, reflecting its role as a major employer in the region.

Number of Academic Staff:

Out of the total workforce, **1,072** were academic staff members in 2024, actively contributing to teaching, research, and innovation.

Number of Academic Staff by Subject Area:

- **STEM disciplines:** 550
- **Medicine:** 25
- **Arts, Humanities, and Social Sciences:** 497

This distribution shows the university's balanced academic capacity across diverse disciplines, reinforcing its multidisciplinary research and innovation strategy aligned with **Sustainable Development Goal 9**.
