## The examination copy consultation program of the third year Licence L3

| L3 Plant biotechnology |               |  | Room 14     |
|------------------------|---------------|--|-------------|
| Day and date           | Time          | Module                                   | Teacher     |
| Thursday 21/05/2026    | 09:00 – 10:00 | Means of struggle                        | M. Hamitou  |
|                        | 10:30 – 11:30 | Molecular plant biology                  | I. Belabed  |
|                        | 11:30 – 12:30 | Limiting factors in vegetable production | Z. Kadi     |
| Sunday 24/05/2026      | 09:00 – 10:00 | Bioinformatics                           | S. Kaouache |
|                        | 10:00 – 11:00 | Biodiversity & plant breeding            | A. Amokrane |

| L3 Animal biology and physiology |               |                                 | Room I24       |
|----------------------------------|---------------|---------------------------------|----------------|
| Day and date                     | Time          | Module                          | Teacher        |
| Tuesday 21/05/2026               | 09:00 – 10:00 | Physiology of major functions   | Y. Moumen      |
|                                  | 10:00 – 11:00 | Cellular & molecular physiology | M. Boulekhsaim |
|                                  | 11:00 – 12:00 | English                         | I. Lamraoui    |
| Sunday 23/05/2026                | 09:00 – 10:00 | Biostatistics                   | M. Boudjouref  |
|                                  | 10:00 – 11:00 | Endocrinology functional        | S.A. Redouane  |
|                                  | 11:00 – 12:00 | Nervous physiology              | D. Mahdi       |

| L3 Microbiology     |               |                                   | Room I15      |
|---------------------|---------------|-----------------------------------|---------------|
| Day and date        | Time          | Module                            | Teacher       |
| Thursday 21/05/2026 | 09:00 – 10:00 | Microbiological control technique | N. Khennouchi |
|                     | 10:00 – 11:00 | Industrial microbiology           | A. Meradi     |
|                     | 11:00 – 12:00 | Biostatistics                     | Y. Slatnia    |
| Sunday 23/05/2026   | 09:00 – 10:00 | Microbiology of environnement     | C. Djaballah  |
|                     | 10:00 – 11:00 | Enzymology                        | A. Ouldjaoui  |
|                     | 11:00 – 12:00 | Microbiology of food              | H. Medjoudj   |

| L3 Parasitology     |               |                    | Room I25      |
|---------------------|---------------|--------------------|---------------|
| Day and date        | Time          | Module             | Teacher       |
| Thursday 21/05/2026 | 09:00 – 10:00 | Parasite vectors   | A. Abdessamed |
|                     | 10:00 – 11:00 | Mycology           | M. Hamitou    |
|                     | 11:00 – 12:00 | Parasite diagnosis | M. Tolba      |
|                     | 12:00 – 13:00 | Parasitic zoonoses | SA. Allaoua   |
| Sunday 24/05/2026   | 09:00 – 10:00 | Parasite ecology   | A. Hamel      |
|                     | 10:00 – 11:00 | Health and safety  | S. Khiel      |
|                     | 11:00 – 12:00 | Entrepreneurship   | R. Kalache    |

| L3 Ecology and environment |               |  | Room I26     |
|----------------------------|---------------|--|--------------|
| Day and date               | Time          | Module                                 | Teacher      |
| Thursday 21/05/2026        | 09:00 – 10:00 | Biology of populations & organisms     | R. Hadjab    |
|                            | 10:00 – 11:00 | Conservation & sustainable development | S. Senoussi  |
|                            | 11:00 – 12:00 | Technical English                      | Z. Boubechou |
| Sunday 23/05/2026          | 09:00 – 10:00 | Biodiversity & global change           | H. Hafid     |
|                            | 10:00 – 11:00 | Biogeography                           | Z. Barbache  |
|                            | 11:00 – 12:00 | Biostatistics                          | Y. Slatnia   |

| L3 Biochemistry     |               |                         | Room I23       |
|---------------------|---------------|-------------------------|----------------|
| Day and date        | Time          | Module                  | Teacher        |
| Thursday 21/05/2026 | 09:00 – 10:00 | Bioinformatics          | O. Benslama    |
|                     | 10:00 – 11:00 | Molecular biology       | N. Hamadouche  |
|                     | 11:00 – 12:00 | Pharmacology/toxicology | A. Zellagui    |
|                     | 12:00 – 13:00 | Scientific English      | I. Lamraoui    |
| Sunday 24/05/2026   | 09:00 – 10:00 | Genetic engineering     | B.S. Grama     |
|                     | 10:00 – 11:00 | Diseases metabolic      | M. Boulekhsaim |
|                     | 11:00 – 12:00 | Microbial biochemistry  | K. Derouiche   |
