### Description

Following the success of the previous edition of the ICCSA'2016, we are pleased to announce the 2<sup>nd</sup> International Conference on Computer Science's Complex Systems and their Applications (ICCSA'2021), which will take place at the University of Oum El Bouaghi, Algeria, on May 25-26<sup>th</sup>, 2021. The aim of the ICCSA'2021 conference is to provide a platform for researchers, engineers and industrial professionals from all over the world to present their research results and development activities in different fields of Complex Systems. This conference will provide opportunities for all participants to exchange new ideas and application experiences, to establish business or research relations and to find global partners for future collaboration.
