

University of Om El Bouaghi
Faculty of earth sciences and
architecture

Departement of Architecture

**Organizes on the 23rd Marsh 2022 a scientific
day entitled the anthropology of space**

**Under the supervision of the university Rector:Pr. DIBI
Zohir**

**Head of the scientific day:
Doctor : NAIDJA Amina**

Preamble :

Space is considering as a key word in human sciences. The adaptation of human to space is mainly recognizing as an adaptation of human to social relations (Lécuyer, R.1976). The relationship between architecture and human sciences has been established in 1960 the second half of the twentieth century. After Dalandhui conference (1970) in Great Britain, the field of architectural psychology has been appeared (Ségaud, Marion, 2010). The anthropology of space is defining as an interest field, which is focusing on the relationship of humans to their environment. The environment psychology is defining as the study of the interrelationships between the human and his physical and social environment, in its spatial and temporal dimensions (Moser, 2003).

Aims of the scientific day

Through this study day we attempt to highlight the main concepts in Anthropology such as place, use and user, feeling and perception. Over this study day we will also try to shed light on the following points:

- Relationship between space, use and society.
- Consultation as a strategic approach towards the sustainability of projects.
- Understanding architecture without an architect or the process of spontaneous architecture.
- Understand why citizens modify their homes. (Example modifications of facades,... etc.).

Field of research

This study day proposes to address several questions through the following axes:relation de l'homme à l'espace

- 1- The relationship between human and space
- 2- The dimensions of space
 - *time dimension
 - *spatial dimension
 - * functional dimension
 - *social dimension
 - *Cultural dimension
- 4-Perceived, designed and lived space.
- 5-Environnemental psychology.
- 6-The anthropological approach (between theory and application).

Reading comitte

Pr. Adad Mohammed Cherif	Président	University of Om El Bouaghi
Pr. Mazouz Said	Member	University of Om El Bouaghi
Pr. Bousmaha Ahmed	Member	University of Om El Bouaghi
Dr. Elouafi Samira	Member	University of Constantine3
Dr. Benharkat Sarah	Member	University of Constantine3
Dr. Benmachiche Meriem	Member	University of Constantine3
Dr.Guechi Imen	Member	University of Om El Bouaghi
Dr.Benhailou Karima	Member	University of Om El Bouaghi
Dr. Tebani Habiba	Member	University of Annaba

Organizing comitte

Dr.Naidja Amina	Président	Universityof Om El Bouaghi
Dr.FaridDallel	Member	University of Om El Bouaghi
Dr.KhanchoulToufik	Member	University of Om El Bouaghi
Dr.MouniraBaadeche	Member	Universityof Om El Bouaghi
MissBenzaouiAmel	Member	Universityof Om El Bouaghi
Dr.RafikBoudjeja		
Dr. KedissaChahra Zed	Member	Universityof Om El Bouaghi
Mme. Khanchouche Nassima	Member	Universityof Om El Bouaghi
Mme Amina Boukadoum	Member	University of Om El Bouaghi

Submission condition

- The title of communication character times new roman, in capital letters, bold, size 14.
- A summary of 500 words and 05 keywords at least. - Bibliographic reference in APA mode.
- Each communication should not exceed 15 minutes.

**Language of communication / Arabic / English / French.
Communications should be sent to following adresse**

**Email : amna87_naid@yahoo.fr
anthropologie.espace.uob@gmail.com**

Importantes dates

Deadline for receipt of communications: Marsh 17, 2022.

Notification of acceptance :Marsh 20, 2022.

The scientific day will take place at the Bloc I University
OEB conference room
