The Chairman of the Conference Organizing Committee:

Dr. GHERIBI HICHEM

General Coordinator: Dr. MERABET MESSAOUD

Email : cong1.labo@univ-oeb.dz

Introduction:

The philosophy of physical sports activity explores regulated controls to achieve systematic sports practice through scientific methods. As a field at the intersection of physical activities and sports sciences, it stands out as a convergence of various sciences, serving the broader goals of sports practice. Research in this field aims to leverage other sciences to enhance physical sports activity, seeking to achieve biological, psychological, social, and economic responses that serve the public good and align with national development objectives.

The research in this field seeks to benefit extensively from other sciences to elevate physical sports activity, aiming to achieve biological, psychological, social, and economic responses that serve the public good and align with national development objectives. The Algerian state is currently taking steady steps, particularly in advancing the social and economic fronts. Algeria's efforts to organize major sports events reflect a definite readiness to enhance sports practice characterized by quality and excellence in planning, programming, implementation, athlete training, and coaching, all aimed at achieving sports results.

Conference objectives:

- Contributing to achieving scientific research development in line with the policies of the Ministry of Higher Education and Scientific Research in its commitment to global openness ;
- Updating information and knowledge that serve the field of physical and sports sciences;
- Contributing to the scientific advancement of physical sports activity to achieve major goals and optimize the use of medical, biological, psychological, social, and economic sciences in alignment with the strategic objectives of the supervisory ministry and the Algerian state.

Axes of conference:

- **Axis One:** Physical Sports Activity and Biological Sciences;
- **Axis Two:** Physical Sports Activity and Medical Sciences;
- **Axis Three:** Physical Sports Activity and Psychological and Social Sciences;
- **Axis Four:** Physical Sports Activity and Educational Sciences.
